

2.

Pluck out my eyes  
Burst my ears  
Snap my kneecaps  
And crush my nose

Sew my mouth  
Smash my feet  
Crack my ribs  
And screw my thumbs

Cut out my tongue  
Drown my lungs  
Break my jaw  
And stop my heart

Do it all - and more  
This would I prefer  
At least then blissful ignorance  
Would wash over me

At least nothing more would  
Be in my name
